

The Use of Pesticides at the Sewickley Valley YMCA

The YMCA treats for common pests using a professional application company, "PESTCO". This treatment involves the usage of "DEMAND CS" (EPA #10182-361). The MSDS is available at:

http://www.syngentaprofessionalproducts.com/pdf/msds/03_2323706132007.pdf

Treatments are applied once every 28 days, typically on a Wednesday. This product is shown to be highly effective in pest control while maintaining a high standard of safety for our members and staff.

The manufacturer specification sheet is available at the following website:

<http://www.syngentacropprotection-us.com/pdf/special/demcs-699.pdf>

If you need further information, please contact Jim DeWeese, Director of Property Management at 412-741-9622, x118 or jdeweese@sewickleyymca.org.
